

ADVANCED CLEANING AND HIGH DISINFECTING POWER

ACQUALINA IS PRODUCED BY ELECTROLYZING TAP WATER

WHY IS SUPER ALKALINE IONIZED WATER SO USEFUL?

We provide advanced cleaning and disinfecting technology that is environmentally friendly and safe.

- ✓ Multi-purpose cleaning liquid
- ✓ Surfaces sanitization (antiviral and antibacterial effect)
 - ✓ Eco-friendly and safe detergent
 - ✓ Colorless, odorless and dermatologically tested
 - ✓ No chemical and fragrance free
- ✓ Less CO2 emissions during production
 - ✓ Anti-oxidation, anti- corrosion and rust prevention
 - ✓ No need to wipe twice, easy to rinse
- ✓ Strong degreasing power

Acqualina is available in pH 11.5 / pH 12.5 / pH 13.1
